VIOTOUCH
LAMINATES

Every home has its own story. VIOTOUCH brings colour, warmth and character to everyday spaces with a versatile collection of laminate designs.

From natural woodgrains and soothing solids to attractive patterns, there are plenty of choices to suit your home, your taste and your budget. In a 0.75 mm laminate format, VIOTOUCH makes it easy to give furniture and familiar spaces a fresh new look.

From kitchen cabinets and bedroom wardrobes to TV units, find designs that make your home more inviting and truly your own.

VIOTOUCH. Your Home, Your Style.

A LEGACY OF SURFACE EXCELLENCE.

CELEBRATING 35 YEARS

With over 35 years of industry experience, Stylam Industries Ltd. stands as a global leader in decorative laminates and allied surface solutions. With a strong legacy and a global design outlook, Stylam combines innovation, craftsmanship, and performance to shape inspiring surfaces.

From premium High-Pressure Laminates and Compact Laminates to Exclusive Anti-Fingerprint & High-Gloss Surfaces, Acrylic Solid Surfaces, and Exterior Cladding, Stylam offers one of the most comprehensive surface portfolios in the industry. Our solutions are designed to meet the evolving needs of manufacturers, architects, designers, and infrastructure developers worldwide.

Operating one of Asia's largest single-location laminate manufacturing facilities, Stylam exports to over 80 countries and is supported by a robust domestic network across India. Continuous investments in advanced technologies—including India's first Hot Coating Press Machine—reinforce our commitment to setting new industry benchmarks.

At Stylam, surfaces are not just materials—they are experiences shaped by quality, durability, and design excellence.

PRODUCT PORTFOLIO

HIGH-PRESSURE LAMINATE RANGE

01 Decorative Laminates

Decorative Laminates offer an extensive portfolio of colours, woodgrains, patterns and textures across distinct brands, with each collection developed in a specific laminate thickness to address varied design, performance and application requirements. The portfolio provides versatile surface solutions for furniture, cabinetry, worktops, wall panelling and other interior applications.

02 Post Forming Laminates

Flexible, thermoformable laminates are engineered for seamless application over curved edges, enabling smooth, continuous surfaces across furniture and interior applications.

COMPACT LAMINATE RANGE

03 Restroom Cubicles & Lockers

Modular restroom cubicle and locker systems combine durable compact laminates, functional design and antibacterial surfaces for high-traffic and high-humidity environments.

04 Exterior Cladding

Lightweight, durable exterior cladding panels are engineered for outdoor applications, combining high surface stability with UV protection and advanced HotCoating technology.

05 Chemical Resistant Laminates

Engineered for demanding environments, these laminates offer chemical stain resistance and conform to the stringent SEFA-3 standard for laboratory and educational applications.

06 Unicore Laminates

Through-coloured laminates feature matching decorative surface and core layers, delivering consistent colour throughout furniture, doors, countertops, shelving and other applications.

07 Table Top

A versatile range of durable table-top surfaces is designed for office, hospitality, residential, outdoor and educational applications, with multiple shapes and configurations.

08 Kitchen Countertops

Through-coloured high-pressure decorative surfaces ensure consistent colour and pattern throughout the core, meeting demanding kitchen heat and abrasion requirements.

09 Stella Tiles

Lightweight, waterproof and antimicrobial wall panels replicate solid, stone and wood aesthetics and are designed for efficient installation and renovation without demolition.

10 Play & Slay

Premium compact laminates are engineered for recreational and play applications, including table tennis, carrom boards and playgrounds, with multiple core options.

SPECIALITY LAMINATE RANGE

11 Digital Laminates

Customisable digitally printed laminates translate images, graphics and bespoke designs into durable decorative surfaces for personalised interior applications.

12 Syncro Laminates

Precision-embossed laminates match woodgrain textures with patterns, creating a natural wood look that adds depth and appeal to interiors.

13 Mirror Laminates

Mirror foil laminates incorporate aluminium, stainless steel and copper foils to create high-gloss, mirror-like surfaces for interior applications.

14 Chalk & Marker Board Laminates

Durable writing laminates are designed for chalk and dry-erase applications, providing smooth writing and easy cleaning across educational, commercial and residential spaces.

15 Metallic laminates

Laminates featuring real metalised aluminium foil surfaces provide distinctive metallic aesthetics for vertical applications across residential, retail and hospitality interiors.

16 Fire Retardant Laminates

Providing enhanced flame resistance and certified fire performance, these laminates enhance safety and offer added protection across public, institutional, commercial and specialised environments.

17 Flicker Laminates

High-gloss decorative laminates feature distinctive sparkle effects, offering reflective surfaces in silver and copper tones for enhanced interior aesthetics.

18 Magnetic Laminates

Functional laminates incorporate an integrated iron layer for magnetic attachment and writable surfaces, enabling flexible information, display and collaborative applications.

19 Electrostatic Dissipative Laminates

Engineered to dissipate electrostatic charges through controlled surface resistance, these laminates are suited to IT, electronics, laboratory and pharmaceutical environments.

EXCLUSIVE SURFACE RANGE

20 Anti-fingerprint Laminates

Ultra-matt laminates feature a soft-touch surface and anti-fingerprint properties, combining refined aesthetics with easy maintenance and enhanced surface protection.

21 High Gloss Laminates

High-gloss laminates feature HotCoating technology for durable, scratch-resistant and moisture- and UV-resistant surfaces with long-lasting gloss and easy maintenance.

SOLID SURFACE RANGE

22 100% Acrylic Solid Surface

100% acrylic solid surfaces offer seamless, non-porous surfaces with excellent durability, fabrication flexibility and design versatility for interior and exterior applications, including countertops, cladding, furniture and architectural elements.

23 Modified Solid Surface

Modified Solid Surfaces offer consistent composition through the thickness, seamless joining with matching adhesives, chemical resistance and high-polish capability, with versatile integration across wood, metal, glass and natural stone.
